

MA+ Architecture Celebrates Principal Architect Gary Armbruster's Prestigious Awards

OKLAHOMA CITY, OK – MA+ Architecture is proud to announce that Principal Architect Gary Armbruster has recently been honored with three prestigious awards recognizing his outstanding contributions to the field of architecture and educational planning. Armbruster has been named the Association for Learning Environments (A4LE) Southern Region 2025 Planner of the Year, is the recipient of the 2025 Oklahoma AIA Lifetime Achievement Award, and was recognized as one of the Most Admired CEOs by The Journal Record.

With a career spanning over three decades, Gary Armbruster has played a transformative role in shaping educational environments across Oklahoma and the Southern United States. His commitment to designing innovative, student-focused learning spaces has earned him the respect and admiration of peers, educators, and clients alike.

The A4LE Southern Region Planner of the Year award celebrates Armbruster's visionary leadership in educational design. The award highlights his impactful contributions, dedication to community engagement, and professional involvement that fosters student success through built environments. This recognition underscores his impact on the way learning environments are designed and realized across Oklahoma, Texas, Louisiana and Arkansas.

The Oklahoma AIA Lifetime Achievement Award honors architects who have made significant and lasting contributions to the profession. Armbruster's extensive portfolio, mentorship of emerging professionals, and continued advocacy for design excellence have made him a pillar of the architectural community in Oklahoma and beyond.

The Journal Record's Most Admired CEOs award is a testament to Armbruster's leadership not only in design but also in guiding a successful, values-driven architectural firm. His vision, integrity, and ability to inspire others have been key to the continued growth and success of MA+ Architecture.

"These awards recognize Gary's numerous contributions to innovative educational facility design throughout the state and across the country," said Lisa Chronister, Past President of AIA. "I am thrilled that Gary has been honored for devoting his significant time and talent to improving both the community and the architectural profession."

MA+ Architecture congratulates Gary Armbruster on these outstanding achievements and looks forward to continuing to shape inspiring spaces under his guidance.
